***Allowable Subject Matter***

1. Claims 10-37 are allowed.

The following is an examiner's statement of reasons for allowance:

The allowability of the independent claims 10, 15, 20 and 29 resides, at least in part, in that closest prior art of record Molnar (US Patent 6,719,615) does not disclose or suggest, alone or in combination, providing an integrated model-based pressure-temperature-velocity-slurry flow control system comprising real-time mode identification, real-time gain estimation, and real-time control, the model comprising a plurality of component models of the CMP system, the control system processing in-situ data from a plurality of real-time sensors in the CMP system, in combination with the other elements and features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
